Sub Brand: Something Diet
Food Form: Dry Food
Primary Flavor: Chicken
Total Pkg. Weight: 15.0 lbs
Adult 1-6
Breed Size: Medium

- This dog food made with natural ingredients uses high quality, easy-to-digest ingredients to fuel the specific energy needs of your full-grown dog.
- Helps maintain a beautiful skin and a healthy coat by providing a precise balance of omega-6 and vitamin E.
- Supports lean muscle growth and maintenance in your adult dog with a premium source of high quality protein.
- Packed with natural fibers to promote healthy digestion for your fully grown dog.

U.S. Veterinarians' #1 Recommended Brand

As a leader in cutting edge food science and research, Hill's is honored to be the US #1 Veterinarian Recommended Brand.

100% Satisfaction Guarantee

At Hill's, we're dedicated to making foods your pet will love. If you're not satisfied for any reason with a product purchased from one of our authorized sellers, simply return the unused portion to the place of purchase for your money back or a replacement product. Additional terms may apply. [View Details](#)

About This Product

KEY BENEFITS

- Hill's Science Diet Adult dry dog food is specially formulated to fuel the energy needs of dogs during the prime of their life. Made with high quality, easy-to-digest ingredients.
- Omega-6s & Vitamin E for beautiful skin & coat
- High-quality protein for lean muscles
- Natural fibers for healthy digestion

Additional info:
Great tasting natural nutrition for a long, happy life. With a wagging tail and licks on your face, no one can say hello like your dog. Because every moment you spend together is special, we strive to give you more of them. With natural ingredients and the right nutrients, Hill's Science Diet is precisely prepared to offer your dog the nutrition he needs for lifelong health and happiness.

We make every bag of our dry dog food in our own US facilities with highest quality ingredients from North America, Europe and New Zealand. These ingredients must meet our strict requirements for purity and nutrient content, which exceed industry standards.

You can make a difference in the lives of shelter pets. With every purchase of Science Diet you help feed over 100,000 homeless pets every day, 365 days a year.

Learn more at [hillsfoodshelterlove.com](#).

*plus vitamins, minerals and amino acids

Recommended for:
Adult dogs 1 - 6 years of age.

Not recommended for:
Puppies and pregnant or nursing dogs. During pregnancy or nursing, dogs should be switched to Hill's Science Diet Puppy, Hill's Science Diet Puppy Small Bites or Hill's Science Diet Puppy Small Paws dry dog food.

Hill's has helped over 13 million shelter pets find a home, and we're just getting started.

Helpful Tips

- Adjust feeding amounts as necessary to maintain optimal weight. If you are unsure, ask your veterinarian.
- New to this food? Mix increasing amounts of your pet's new food with decreasing amounts of the old food over a 7-day period.
- Keep fresh water available at all times!
- Your pets nutritional needs may change as they age. Ask your vet at every checkup.
- To prevent suffocation, keep the packaging out of the reach of pets and children.
